Assessore Fabio Barsanti	Sindaco Mario Pardini	Approvazione	TAV. 1-02
------------------------------------	---------------------------------	---------------------	------------------

A detailed topographic map of a mountainous region. The map features a prominent river flowing from the top left towards the bottom right. A town is situated along the river, with a grid of streets and building footprints. The terrain is characterized by numerous contour lines, indicating steep slopes and valleys. Several small, colored dots (yellow, green, blue) are scattered across the map, likely representing specific points of interest or data. The map is oriented with North at the top.
